

## Rabbit RUNDC2A Polyclonal Antibody | anti-RUNDC2A antibody

RUNDC2A antibody

|                               |                       |                                                           |
|-------------------------------|-----------------------|-----------------------------------------------------------|
| CATALOG #<br><b>AAA107663</b> | HOST<br><b>Rabbit</b> | APPLICATIONS<br><b>Western Blot, Immunohistochemistry</b> |
|-------------------------------|-----------------------|-----------------------------------------------------------|

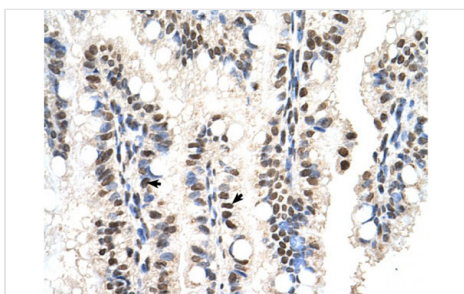

### PRODUCT SYNONYMS

RUNDC2A; Polyclonal Antibody; RUNDC2A antibody; Polyclonal RUNDC2A; Anti-RUNDC2A; FLJ12363; RUN domain containing 2A; RUNDCA 2; RUNDCA-2; anti-RUNDC2A antibody

### PRODUCT SPECIFICATIONS

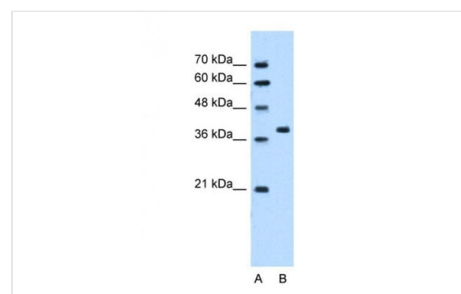

|                                                   |                                                                                                                      |
|---------------------------------------------------|----------------------------------------------------------------------------------------------------------------------|
| Host                                              | Rabbit                                                                                                               |
| Clonality                                         | Polyclonal                                                                                                           |
| Form/Format                                       | Lyophilized powder. Add 100 ul of distilled water. Final antibody concentration is 1 mg/ml in PBS buffer.            |
| Concentration                                     | 1 mg/ml (varies by lot)                                                                                              |
| Sequence Length                                   | 813                                                                                                                  |
| Applicable Applications for anti-RUNDC2A antibody | WB (Western Blot), IHC (Immunohistochemistry)                                                                        |
| Biological Significance                           | The function of this protein remains unknown.                                                                        |
| Cross-Reactivity                                  | Human, Rat, Bovine                                                                                                   |
| Immunogen                                         | RUNDC2A antibody was raised in rabbit using the N terminal of RUNDC2A as the immunogen                               |
| Preparation and Storage                           | Store at 4 degree C, following reconstitution, aliquot and store at -20 degree C. Avoid repeated freeze-thaw cycles. |

### IMAGES

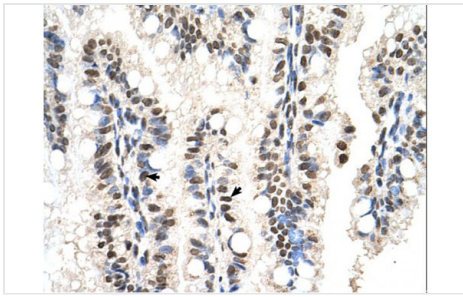

#### IHC (Immunohistochemistry)

RUNDC2A antibody was used for immunohistochemistry at a concentration of 4-8 ug/ml to stain Epithelial cells of intestinal villus (arrows) in Human Intestine. Magnification is at 400X

#### WB (Western Blot)

Western Blot showing RUNDC2A antibody used at a concentration of 5.0 ug/ml against HepG2 Cell Lysate

#### IHC (Immunohistochemistry)

RUNDC2A antibody was used for immunohistochemistry at a concentration of 4-8 ug/ml.  
Magnification is at 400X
