

## Rabbit LOC400856 Polyclonal Antibody | anti-LOC400856 antibody

LOC400856 antibody

|                               |                       |                                                           |
|-------------------------------|-----------------------|-----------------------------------------------------------|
| CATALOG #<br><b>AAA108318</b> | HOST<br><b>Rabbit</b> | APPLICATIONS<br><b>Immunohistochemistry, Western Blot</b> |
|-------------------------------|-----------------------|-----------------------------------------------------------|

### PRODUCT SYNONYMS

LOC400856; Polyclonal Antibody; LOC400856 antibody; Polyclonal LOC400856; Anti-LOC400856; LOC 400856; LOC-400856; Hypothetical Gene Supported By Ak123815; anti-LOC400856 antibody

### PRODUCT SPECIFICATIONS

|                                                     |                                                                                                                                                               |
|-----------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                                | Rabbit                                                                                                                                                        |
| Clonality                                           | Polyclonal                                                                                                                                                    |
| Specificity                                         | LOC400856 antibody was raised against the C terminal of LOC400856                                                                                             |
| Purity/Purification                                 | Affinity purified                                                                                                                                             |
| Form/Format                                         | Lyophilized powder. Add 50ul distilled water for a 1mg/ml concentration of LOC400856 antibody in PBS                                                          |
| Concentration                                       | 1 mg/ml (varies by lot)                                                                                                                                       |
| Applicable Applications for anti-LOC400856 antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                                                                 |
| Biological Significance                             | The function of LOC400856 protein is not widely studied, and is yet to be elucidated fully.                                                                   |
| Cross-Reactivity                                    | Human                                                                                                                                                         |
| Immunogen                                           | LOC400856 antibody was raised using the C terminal of LOC400856 corresponding to a region with amino acids SLHTSPRAEGAGSGLSQPQRRALTAQGGAEGLLERGQSGHGGRGGAKSER |
| Preparation and Storage                             | Store at 2-8 degree C for short periods. For longer periods of storage, store at -20 degree C. Avoid repeat freeze-thaw cycles.                               |

### IMAGES

**WB (Western Blot)**

LOC400856 antibody (AAA108318) used at 0.5 ug/ml to detect target protein.

**IHC (Immunohistochemistry)**

LOC400856 antibody was used for immunohistochemistry at a concentration of 4-8 ug/ml to stain Squamous epithelial cells (arrows) in Human Skin. Magnification is at 400X

### ADDITIONAL INFORMATION

|                                                         |                                                                                 |

## NCBI AND UNIPROT INFORMATION

### Molecular Weight

18 kDa (MW of target protein)

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
