

## Rabbit ZCCHC13 Polyclonal Antibody | anti-ZCCHC13 antibody

ZCCHC13 Antibody

| CATALOG # | HOST   | REACTIVITY                  | APPLICATIONS                              |
|-----------|--------|-----------------------------|-------------------------------------------|
| AAA109363 | Rabbit | Human Predicted: Mouse, Rat | Immunohistochemistry, Western Blot, ELISA |

### PRODUCT SYNONYMS

ZCCHC13; Polyclonal Antibody; ZCCHC13 Antibody; anti-ZCCHC13 antibody

### PRODUCT SPECIFICATIONS

|                                                   |                                                                                                                                                                                            |
|---------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                              | Rabbit                                                                                                                                                                                     |
| Reactivity                                        | Human<br>Predicted: Mouse, Rat                                                                                                                                                             |
| Clonality                                         | Polyclonal                                                                                                                                                                                 |
| Form/Format                                       | Purified by protein affinity column containing 0.02% NaN <sub>3</sub>                                                                                                                      |
| Sequence Length                                   | 166                                                                                                                                                                                        |
| Applicable Applications for anti-ZCCHC13 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                                                       |
| Preparation and Storage                           | Already reconstituted in 200ul sterile H <sub>2</sub> O. The antibody is stable for at least one year when stored at -20 degree C after reconstitution. Avoid repeated freeze/thaw cycles. |

### IMAGES

Immunohistochemical staining of formalin-fixed paraffin-embedded fetal testis showing nucleus staining with anti-ZCCHC13 antibody at a dilution of 1/100.
