

## Rabbit CD2AP Polyclonal Antibody | anti-CD2AP antibody

CD2AP Antibody

| CATALOG # | HOST   | REACTIVITY        | APPLICATIONS                              |
|-----------|--------|-------------------|-------------------------------------------|
| AAA109756 | Rabbit | Human, Mouse, Rat | Immunohistochemistry, Western Blot, ELISA |

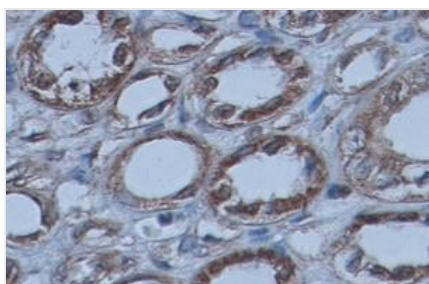

### PRODUCT SYNONYMS

CD2AP; Polyclonal Antibody; CD2AP Antibody; anti-CD2AP antibody

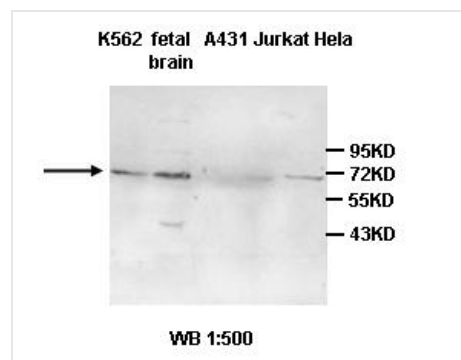

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                                                                                                            |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                                                                     |
| Reactivity                                      | Human, Mouse, Rat                                                                                                                                                                          |
| Clonality                                       | Polyclonal                                                                                                                                                                                 |
| Form/Format                                     | Purified by peptide affinity column containing 2% BSA and 0.02% NaN <sub>3</sub>                                                                                                           |
| Sequence Length                                 | 639                                                                                                                                                                                        |
| Applicable Applications for anti-CD2AP antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA (Peptide ELISA)                                                                                                                       |
| Preparation and Storage                         | Already reconstituted in 200ul sterile H <sub>2</sub> O. The antibody is stable for at least one year when stored at -20 degree C after reconstitution. Avoid repeated freeze/thaw cycles. |
