

Human Acyloxyacyl Hydrolase (AOAH) ELISA Kit | AOAH elisa kit

Human Acyloxyacyl Hydrolase (AOAH) ELISA Kit

CATALOG #
AAA11180

REACTIVITY
Human

PRODUCT SYNONYMS

Acyloxyacyl Hydrolase (AOAH); Human Acyloxyacyl Hydrolase (AOAH) ELISA Kit; AOAH elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Human
Sequence Length	575
Assay Type	Quantitative Sandwich
Samples	Serum, plasma, cell culture supernates, Ascites, tissue homogenates or other biological fluids
Detection Range	0.05-20ng/L
Sensitivity	0.025ng/L
Intra-assay Precision	Intra-Assay Precision (Precision within an assay) Three samples of known concentration were tested on one plate to assess intra-assay precision. Intra-Assay: CV<8%
Inter-assay Precision	Inter-Assay Precision (Precision between assays) Three samples of known concentration were tested in separate assays to assess inter-assay precision. CV(%) = SD/mean x 100. Inter-Assay: CV<10%
Preparation and Storage	Store at 2 to 8 degree C for 6 months.

ADDITIONAL INFORMATION

Related Product Information for AOAH elisa kit

Principle of the Assay: This kit is an Enzyme-Linked Immunosorbent Assay (ELISA). The plate has been pre-coated with Human AOAH antibody. AOAH present in the sample is added and binds to antibodies coated on the wells. And then biotinylated Human AOAH Antibody is added and binds to AOAH in the sample. Then Streptavidin-HRP is added and binds to the Biotinylated AOAH antibody. After incubation unbound Streptavidin-HRP is washed away during a washing step. Substrate solution is then added and color develops in proportion to the amount of Human AOAH. The reaction is terminated by addition of acidic stop solution and absorbance is measured at 450 nm.

Intended Uses: This sandwich kit is for the accurate quantitative detection of Human Acyloxyacyl Hydrolase (also known as AOAH) in serum, plasma, cell culture supernates, Ascites, tissue homogenates or other biological fluids.

NCBI AND UNIPROT INFORMATION

NCBI GI #	178069
Molecular Weight	61,647 Da
NCBI Official Full Name	acyloxyacyl hydrolase
UniProt Protein Name	Acyloxyacyl hydrolase
UniProt Gene Name	AOAH

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
