

# Rabbit anti-Mouse Vascular endothelial growth factor C Polyclonal Antibody | anti-Vegfc antibody

Rabbit anti-Mouse Vascular endothelial growth factor C polyclonal Antibody

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS |
|-----------|--------|------------|--------------|
| AAA116123 | Rabbit | Mouse      | ELISA        |

## PRODUCT SYNONYMS

Vascular endothelial growth factor C; Polyclonal Antibody; Rabbit anti-Mouse Vascular endothelial growth factor C polyclonal Antibody; Vascular endothelial growth factor C (VEGF-C) (Flt4 ligand) (Flt4-L) (Vascular endothelial growth factor-related protein) (VRP); Vegfc; anti-Vegfc antibody

## PRODUCT SPECIFICATIONS

|                                                 |                                                                                  |
|-------------------------------------------------|----------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                           |
| Reactivity                                      | Mouse                                                                            |
| Clonality                                       | Polyclonal                                                                       |
| Isotype                                         | IgG                                                                              |
| Purity/Purification                             | >95%, Protein G purified                                                         |
| Form/Format                                     | Liquid                                                                           |
| Applicable Applications for anti-Vegfc antibody | ELISA                                                                            |
| Immunogen                                       | Recombinant Mouse Vascular endothelial growth factor C protein (108-223AA)       |
| Storage Buffer                                  | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4 |
| Immunogen Species                               | Mus musculus (Mouse)                                                             |
| Research Area                                   | Cardiovascular                                                                   |
| Target Names                                    | Vegfc                                                                            |
| Preparation and Storage                         | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                    |
