

## F-box only protein 39 (FBXO39) Recombinant Protein | FBXO39 recombinant protein

Recombinant Bovine F-box only protein 39 (FBXO39)

CATALOG #  
AAA116537

HOST  
E Coli or Yeast or Baculovirus or Mammalian Cell

### PRODUCT SYNONYMS

F-box only protein 39 (FBXO39); Recombinant Bovine F-box only protein 39 (FBXO39); FBXO39 recombinant protein

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | E Coli or Yeast or Baculovirus or Mammalian Cell                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Purity/Purification     | Greater or equal to 85% purity as determined by SDS-PAGE.                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| Form/Format             | Lyophilized or liquid (Format to be determined during the manufacturing process)                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Sequence Positions      | 1-443aa; Full Length                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

| Species                 | Bovine                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Preparation and Storage | Store at -20 degrees C. For long-term storage, store at -20 degrees C or -80 degrees C. Store working aliquots at 4 degrees C for up to one week. Repeated freezing and thawing is not recommended.                                                                                                                                                                                                                                                                                                                      |

### NCBI AND UNIPROT INFORMATION
