

## Rabbit anti-Human Galactose-1-phosphate uridylyltransferase Polyclonal Antibody | anti-GALT antibody

Rabbit anti-human Galactose-1-phosphate uridylyltransferase polyclonal Antibody, Biotin conjugated

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS |
|-----------|--------|------------|--------------|
| AAA117866 | Rabbit | Human      | ELISA        |

### PRODUCT SYNONYMS

Galactose-1-phosphate uridylyltransferase; Polyclonal Antibody; Rabbit anti-human Galactose-1-phosphate uridylyltransferase polyclonal Antibody; Biotin conjugated; UDP-glucose--hexose-1-phosphate uridylyltransferase GALT; anti-GALT antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                  |
|------------------------------------------------|----------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                           |
| Reactivity                                     | Human                                                                            |
| Clonality                                      | Polyclonal                                                                       |
| Isotype                                        | IgG                                                                              |
| Purity/Purification                            | >95%, Protein G purified                                                         |
| Form/Format                                    | Liquid                                                                           |
| Sequence Length                                | 379                                                                              |
| Applicable Applications for anti-GALT antibody | ELISA                                                                            |
| Storage Buffer                                 | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4 |
| Conjugate                                      | Biotin                                                                           |
| Immunogen                                      | Recombinant human Galactose-1-phosphate uridylyltransferase protein (1-379AA)    |
| Immunogen Species                              | Homo sapiens (Human)                                                             |
| Research Area                                  | Signal Transduction                                                              |
| Target Names                                   | GALT                                                                             |
| Santa Cruz Alternative                         | Potential replacement for Santa Cruz Biotechnology antibody catalog# sc-162839   |
| Preparation and Storage                        | Upon receipt store at -20 degree C or -80 degree C. Avoid repeated freeze.       |

### NCBI AND UNIPROT INFORMATION

|                           |                                                                                                                                                                                                                                                                                                           |
