

## Rabbit anti-Bovine Adiponectin Polyclonal Antibody | anti-ADIPOQ antibody

Rabbit anti-Bovine Adiponectin polyclonal Antibody

|                               |                       |                             |                                            |
|-------------------------------|-----------------------|-----------------------------|--------------------------------------------|
| CATALOG #<br><b>AAA117921</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Bovine</b> | APPLICATIONS<br><b>Western Blot, ELISA</b> |
|-------------------------------|-----------------------|-----------------------------|--------------------------------------------|

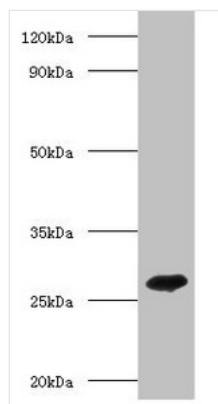

### PRODUCT SYNONYMS

Adiponectin; Polyclonal Antibody; Rabbit anti-Bovine Adiponectin polyclonal Antibody; 30 kDa adipocyte complement-related protein; Adipocyte complement-related 30 kDa protein; ACRP30; apM-1; ADIPOQ; APM1; anti-ADIPOQ antibody

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                            |
|--------------------------------------------------|--------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                     |
| Reactivity                                       | Bovine                                                                                     |
| Clonality                                        | Polyclonal                                                                                 |
| Isotype                                          | IgG                                                                                        |
| Purity/Purification                              | >95% Protein G purified                                                                    |
| Form/Format                                      | Liquid<br>Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4 |
| Sequence Length                                  | 240                                                                                        |
| Applicable Applications for anti-ADIPOQ antibody | WB (Western Blot), ELISA                                                                   |
| Immunogen                                        | Recombinant Bovine Adiponectin protein (18-240AA)                                          |
| Immunogen Species                                | Bos taurus (Bovine)                                                                        |
| Research Area                                    | Others                                                                                     |
| Preparation and Storage                          | Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.                              |
