

## Rabbit anti-Human SLC23A3 Polyclonal Antibody | anti-SLC23A3 antibody

SLC23A3 Antibody

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS                                    |
|-----------|--------|------------|-------------------------------------------------|
| AAA119591 | Rabbit | Human      | Immunofluorescence, Immunohistochemistry, ELISA |

### PRODUCT SYNONYMS

SLC23A3; Polyclonal Antibody; SLC23A3 Antibody; Solute carrier family 23 member 3; E2BP3; SVCT3; HPC E2-binding protein 3; Na(+)/L-ascorbic acid transporter 3; Sodium-dependent vitamin C transporter 3; anti-SLC23A3 antibody

### PRODUCT SPECIFICATIONS

|                                                   |                                                                                                                |
|---------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| Host                                              | Rabbit                                                                                                         |
| Reactivity                                        | Human                                                                                                          |
| Clonality                                         | Polyclonal                                                                                                     |
| Isotype                                           | IgG                                                                                                            |
| Purity/Purification                               | >95%, Protein G Purified                                                                                       |
| Sequence Length                                   | 610                                                                                                            |
| Applicable Applications for anti-SLC23A3 antibody | IF (Immunofluorescence), IHC (Immunohistochemistry), ELISA                                                     |
| Storage Buffer                                    | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                               |
| Conjugate                                         | Non-conjugated                                                                                                 |
| Immunogen                                         | Recombinant human Solute carrier family 23 member 3 protein                                                    |
| Preparation and Storage                           | Shipped at 4 degree C. Upon delivery aliquot and store at -20 degree C or -80 degree C. Avoid repeated freeze. |

### IMAGES

**IF (Immunofluorescence)**

Immunofluorescent analysis of HepG2 cells using AAA119591 at a dilution of 1:100 and Alexa Fluor 488-conjugated AffiniPure Goat Anti-Rabbit IgG(H+L)

**IHC (Immunohistochemistry)**

Immunohistochemistry of paraffin-embedded human skin tissue using AAA119591 at dilution of 1:100
