

Transcription Termination Factor, RNA polymerase I (TTF1) Small Molecule | TTF1 small molecule

OVA Conjugated Transcription Termination Factor, RNA polymerase I (TTF1)

CATALOG # AAA147014	HOST Protein Conjugation	APPLICATIONS Western Blot, SDS-Page
-------------------------------	------------------------------------	---

PRODUCT SYNONYMS

Transcription Termination Factor; RNA polymerase I (TTF1); OVA Conjugated Transcription Termination Factor; RNA polymerase I termination factor; TTF1 small molecule

PRODUCT SPECIFICATIONS

Host	Protein Conjugation
Purity/Purification	> 90%
Form/Format	Freeze-dried powder
Sequence Length	593
Applicable Applications for TTF1 small molecule	WB (Western Blot), SDS-PAGE, Immunogen
Buffer Formulation	PBS, pH7.4.
Organism Species	Human
Usage	Reconstitute in PBS (pH7.4) to a concentration of 0.1-1.0 mg/mL. Do not vortex.
Preparation and Storage	Avoid repeated freeze/thaw cycles. Store at 2-8 degree C for one month. Aliquot and store at -80 degree C for 12 months. The thermal stability is described by the loss rate. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37 degree C for 48h, and no obvious degradation and precipitation were observed. The loss rate is less than 5% within the expiration date under appropriate storage condition.

Application Data

ADDITIONAL INFORMATION

Product Categories/Family for TTF1 small molecule	Conjugated small molecules
---	----------------------------

NCBI AND UNIPROT INFORMATION

NCBI GI #	1077061806
Molecular Weight	69,153 Da
NCBI Official Full Name	transcription termination factor, RNA polymerase I
UniProt Protein Name	Transcription termination factor, RNA polymerase I
UniProt Gene Name	TTF1

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
