

Alkaline phosphatase Secondary Antibody | Calni_1618 secondary antibody

Alkaline phosphatase conjugated Goat anti Rabbit IgG (H+L)

CATALOG # AAA14876	HOST Goat	REACTIVITY Rabbit	APPLICATIONS ELISA, Western Blot
------------------------------	---------------------	-----------------------------	--

PRODUCT SYNONYMS

Alkaline phosphatase; Polyclonal Secondary Antibody; Alkaline phosphatase conjugated Goat anti Rabbit IgG (H+L); Antibody to Rabbit IgG (H+L); Anti-Rabbit IgG (H+L) Antibody; Rabbit IgG (H+L) Antibody; Calni_1618 secondary antibody

PRODUCT SPECIFICATIONS

Host	Goat
Reactivity	Rabbit
Clonality	Polyclonal
Isotype	IgG
Purity/Purification	Afinity Chromatography
Form/Format	Antibody is suspended in 0.01 M Tris-HCl, 0.25 M NaCl, pH 8.0
Applicable Applications for Calni_1618 secondary antibody	ELISA, WB (Western Blot)
Application Notes	ELISA: 1:5,000-1:20,000 WB: 1:5,000-1:20,000
Preparation and Storage	Store the antibody at 4°C, stable for 6 months.

ADDITIONAL INFORMATION

Related Product Information for Calni_1618 secondary antibody	Secondary antibodies are antibodies that bind to primary antibodies or antibody fragments. They are typically labeled with probes that make them useful for detection, purification or cell sorting applications. Secondary antibodies may be polyclonal or monoclonal, and are available with specificity for whole Ig molecules or antibody fragments such as the Fc or Fab regions. Secondary antibodies are selected according to the source of the primary antibody, the class of the primary antibody (e.g., IgG or IgM), and the kind of label which is preferred. Identifying the optimal secondary antibody is normally done through trial and error method. Secondary antibodies are used in all types of immunoassays, most often in Western blot, immunohistochemistry, and immunocytochemistry, and occasionally in immunoprecipitation. Basic research, clinical analysis, and disease test also use secondary antibodies in ELISA and flow cytometry assays. They are also useful for cell sorting, fluorescence activated cell sorting, FACS.
Product Categories/Family for Calni_1618 secondary antibody	Antibodies; Secondary Antibodies

NCBI AND UNIPROT INFORMATION

NCBI GI #	312940333
NCBI Official Full Name	Alkaline phosphatase
UniProt Protein Name	Alkaline phosphatase
UniProt Gene Name	Calni_1618

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
