

## Rabbit SCPEP1 Polyclonal Antibody | anti-SCPEP1 antibody

SCPEP1 Polyclonal Antibody

| CATALOG # | HOST   | REACTIVITY        | APPLICATIONS                              |
|-----------|--------|-------------------|-------------------------------------------|
| AAA169034 | Rabbit | Human, Mouse, Rat | Immunohistochemistry, Western Blot, ELISA |

### PRODUCT SYNONYMS

SCPEP1; Polyclonal Antibody; SCPEP1 Polyclonal Antibody; RISC; HSCP1; anti-SCPEP1 antibody

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                           |
|--------------------------------------------------|-------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                    |
| Reactivity                                       | Human, Mouse, Rat                                                                         |
| Clonality                                        | Polyclonal                                                                                |
| Isotype                                          | IgG                                                                                       |
| Purity/Purification                              | Antigen affinity purification                                                             |
| Concentration                                    | 1.8mg/mL (varies by lot)                                                                  |
| Sequence Length                                  | 296                                                                                       |
| Applicable Applications for anti-SCPEP1 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                      |
| Immunogen                                        | Recombinant protein of human SCPEP1                                                       |
| Buffer                                           | PBS with 0.05% sodium azide, 50% glycerol, pH7.3                                          |
| Preparation and Storage                          | Store at -20 degree C (regular) and -80 degree C (long term). Avoid freeze / thaw cycles. |

### IMAGES

**IHC (Immunohistochemistry)**

Immunohistochemistry of paraffin-embedded Human cervical cancer using SCPEP1 Polyclonal Antibody at dilution of 1:30

**WB (Western Blot)**

Western Blot analysis of 231 cell using SCPEP1 Polyclonal Antibody at dilution of 1:300

### ADDITIONAL INFORMATION

**Related Product Information for anti-SCPEP1 antibody**

Retinoid-inducible serine carboxypeptidase is an enzyme that in humans is encoded by the SCPEP1 gene. May be involved in vascular wall and kidney homeostasis.

## NCBI AND UNIPROT INFORMATION

|                         |                 |
|-------------------------|-----------------|
| NCBI GI #               | 649142650       |
| NCBI Official Full Name | SCPEP1, partial |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
