

## Rabbit Stathmin-3 Polyclonal Antibody | anti-STMN3 antibody

Stathmin-3 Polyclonal Antibody

|                               |                       |                                        |                                            |
|-------------------------------|-----------------------|----------------------------------------|--------------------------------------------|
| CATALOG #<br><b>AAA172085</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>ELISA, Western Blot</b> |
|-------------------------------|-----------------------|----------------------------------------|--------------------------------------------|

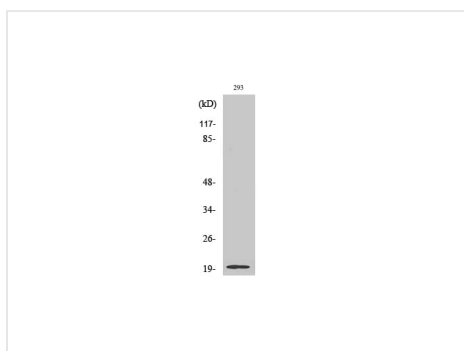

### PRODUCT SYNONYMS

Stathmin-3; Polyclonal Antibody; Stathmin-3 Polyclonal Antibody; STMN3; SCLIP; SCG10-like protein; anti-STMN3 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                           |
|-------------------------------------------------|---------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                    |
| Reactivity                                      | Human, Mouse, Rat                                                         |
| Clonality                                       | Polyclonal                                                                |
| Isotype                                         | IgG                                                                       |
| Purity/Purification                             | Antigen Affinity Purified                                                 |
| Concentration                                   | 1 mg/ml (varies by lot)                                                   |
| Applicable Applications for anti-STMN3 antibody | ELISA, WB (Western Blot)                                                  |
| Immunogen                                       | Synthesized peptide derived from the Internal region of human Stathmin-3. |
| Buffer                                          | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.   |
| Preparation and Storage                         | Store at -20 degree C. Avoid freeze / thaw cycles.                        |
