

## Rabbit VPS54 Polyclonal Antibody | anti-VPS54 antibody

VPS54 Polyclonal Antibody

|                               |                       |                                        |                                                    |
|-------------------------------|-----------------------|----------------------------------------|----------------------------------------------------|
| CATALOG #<br><b>AAA173182</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Immunohistochemistry, ELISA</b> |
|-------------------------------|-----------------------|----------------------------------------|----------------------------------------------------|

### PRODUCT SYNONYMS

VPS54; Polyclonal Antibody; VPS54 Polyclonal Antibody; WR; HCC8; SLP-8p; VPS54L; hVps54L; PPP1R164; anti-VPS54 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                            |
|-------------------------------------------------|--------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                     |
| Reactivity                                      | Human, Mouse, Rat                                                                          |
| Clonality                                       | Polyclonal                                                                                 |
| Isotype                                         | IgG                                                                                        |
| Purity/Purification                             | Antigen Affinity Purification                                                              |
| Concentration                                   | 1.6mg/ml (varies by lot)                                                                   |
| Applicable Applications for anti-VPS54 antibody | IHC (Immunohistochemistry), ELISA                                                          |
| Immunogen                                       | Fusion protein of human VPS54                                                              |
| Buffer                                          | PBS with 0.05% sodium azide, 50% glycerol, pH7.3                                           |
| Santa Cruz Alternative                          | Potential replacement for Santa Cruz Biotechnology antibody catalog# sc-109147 / sc-109145 |
| Preparation and Storage                         | Store at -20 degree C. Avoid freeze/thaw cycles.                                           |

### ADDITIONAL INFORMATION

#### Related Product Information for anti-VPS54 antibody

This gene encodes for a protein that in yeast forms part of a trimeric vacuolar-protein-sorting complex that is required for retrograde transport of proteins from prevacuoles to the late Golgi compartment. As in yeast, mammalian Vps54 proteins contain a coiled-coil region and dileucine motifs. Alternative splicing results in multiple transcript variants encoding different isoforms

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
