

## Rabbit anti-Human CCNYL1 Polyclonal Antibody | anti-CCNYL1 antibody

CCNYL1 Polyclonal Antibody

|                               |                       |                            |                                                    |
|-------------------------------|-----------------------|----------------------------|----------------------------------------------------|
| CATALOG #<br><b>AAA175895</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>ELISA, Immunohistochemistry</b> |
|-------------------------------|-----------------------|----------------------------|----------------------------------------------------|

### PRODUCT SYNONYMS

CCNYL1; Polyclonal Antibody; CCNYL1 Polyclonal Antibody; Cyclin Y like 1; FLJ40432; anti-CCNYL1 antibody

### PRODUCT SPECIFICATIONS

|                                                  |                                                         |
|--------------------------------------------------|---------------------------------------------------------|
| Host                                             | Rabbit                                                  |
| Reactivity                                       | Human                                                   |
| Clonality                                        | Polyclonal                                              |
| Isotype                                          | IgG                                                     |
| Purity/Purification                              | Antigen Affinity Purification                           |
| Form/Format                                      | PBS with 0.05% NaN <sub>3</sub> and 40% Glycerol, pH7.4 |
| Concentration                                    | 0.7mg/mL (varies by lot)                                |
| Sequence Length                                  | 308                                                     |
| Applicable Applications for anti-CCNYL1 antibody | ELISA, IHC (Immunohistochemistry)                       |
| Immunogen                                        | Synthetic peptide of human CCNYL1                       |
| Conjugation                                      | Unconjugated                                            |
| Preparation and Storage                          | Store at -20 degree C. Avoid freeze/thaw cycles.        |

### ADDITIONAL INFORMATION

|                                                             |                                                                                                                                                    |
|-------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Related Product Information for anti-CCNYL1 antibody</b> | CCNYL1 belongs to the cyclin family, Cyclin Y subfamily and contains 1 cyclin N terminal domain. The specific function of CCNYL1 is not yet known. |

## NCBI AND UNIPROT INFORMATION

|                                  |                                   |
|----------------------------------|-----------------------------------|
| NCBI GI #                        | 214830655                         |
| NCBI GeneID                      | 151195                            |
| NCBI Accession #                 | NP_001135772.1                    |
| NCBI GenBank Nucleotide #        | NP_001135772.1                    |
| UniProt Accession #              | Q8N7R7                            |
| NCBI Official Full Name          | cyclin-Y-like protein 1 isoform 1 |
| NCBI Official Synonym Full Names | cyclin Y like 1                   |
| NCBI Official Symbol             | CCNYL1                            |
| NCBI Protein Information         | cyclin-Y-like protein 1           |
| UniProt Protein Name             | Cyclin-Y-like protein 1           |
| UniProt Gene Name                | <b>CCNYL1</b>                     |
| UniProt Entry Name               | CCYL1_HUMAN                       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
