

## Rabbit Rabies virus Glycoprotein G Polyclonal Antibody | anti-G antibody

Rabbit anti-Rabies virus Glycoprotein G polyclonal Antibody

|                              |                       |                                   |                                            |
|------------------------------|-----------------------|-----------------------------------|--------------------------------------------|
| CATALOG #<br><b>AAA18827</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Rabies virus</b> | APPLICATIONS<br><b>ELISA, Western Blot</b> |
|------------------------------|-----------------------|-----------------------------------|--------------------------------------------|

### PRODUCT SYNONYMS

Rabies virus Glycoprotein G; Polyclonal Antibody; Rabbit anti-Rabies virus Glycoprotein G polyclonal Antibody; Glycoprotein; G; anti-G antibody

### PRODUCT SPECIFICATIONS

|                                             |                                                                                            |
|---------------------------------------------|--------------------------------------------------------------------------------------------|
| Host                                        | Rabbit                                                                                     |
| Reactivity                                  | Rabies virus                                                                               |
| Clonality                                   | Polyclonal                                                                                 |
| Isotype                                     | IgG                                                                                        |
| Purity/Purification                         | >95%, Protein G purified                                                                   |
| Form/Format                                 | Liquid<br>Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, PH 7.4 |
| Applicable Applications for anti-G antibody | ELISA, WB (Western Blot)                                                                   |
| Application Notes                           | WB: 1:1000-1:5000                                                                          |
| Immunogen                                   | Recombinant Rabies virus Glycoprotein protein (20-459AA)                                   |
| Immunogen Species                           | Rabies virus                                                                               |
| Research Area                               | Others                                                                                     |
| Preparation and Storage                     | Upon receipt store at -20°C or -80°C. Avoid repeated freeze.                               |

### IMAGES

#### WB (Western Blot)

All lanes: Rabies virus Glycoprotein G antibody at 1:500  
 Lane 1: Rabies virus antigen  
 Lane 2: Rabies virus antigen 1:10  
 Lane 3: Rabies virus antigen 1:20  
 Secondary Goat polyclonal to rabbit IgG at 1/10000 dilution  
 Predicted band size: 55 kDa  
 Observed band size: 55 kDa

NCBI AND UNIPROT INFORMATION

|                         |                |
|-------------------------|----------------|
| NCBI GI #               | 138301         |
| UniProt Accession #     | P03524; A3F5L8 |
| NCBI Official Full Name | Glycoprotein   |
| UniProt Protein Name    | Glycoprotein   |
| UniProt Gene Name       | G              |
| UniProt Entry Name      | GLYCO_RABVE    |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
