

## Human SETX/Probable Helicase Senataxin ELISA Kit | SETX elisa kit

Human SETX/Probable Helicase Senataxin ELISA Kit

CATALOG #  
**AAA196909**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

SETX/Probable Helicase Senataxin; Human SETX/Probable Helicase Senataxin ELISA Kit; Probable helicase senataxin; Amyotrophic lateral sclerosis 4 protein; SEN1 homolog; Senataxin; ALS4; KIAA0625; SCAR1; SETX elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                     |
|-------------------------|---------------------------------------------------------------------|
| Reactivity              | Human                                                               |
| Specificity             | Natural and recombinant Human Probable helicase senataxin           |
| Sequence Length         | 2677                                                                |
| Assay Type              | Sandwich                                                            |
| Detection Range         | 0.312-20ng/mL                                                       |
| Sensitivity             | 0.164ng/mL                                                          |
| Preparation and Storage | For long term storage, please store the entire kit at -20 degree C. |

### NCBI AND UNIPROT INFORMATION

|                                  |                                       |
|----------------------------------|---------------------------------------|
| NCBI GI #                        | 113722133                             |
| NCBI GeneID                      | 23064                                 |
| NCBI Accession #                 | NP_055861.3                           |
| NCBI GenBank Nucleotide #        | NM_015046.7                           |
| UniProt Accession #              | Q7Z333                                |
| NCBI Official Full Name          | probable helicase senataxin isoform 1 |
| NCBI Official Synonym Full Names | senataxin                             |
| NCBI Official Symbol             | SETX                                  |

|                               |                                     |
|-------------------------------|-------------------------------------|
| NCBI Official Synonym Symbols | ALS4; AOA2; Sen1; SCAR1; bA479K20.2 |
| NCBI Protein Information      | probable helicase senataxin         |
| UniProt Protein Name          | Probable helicase senataxin         |
| UniProt Gene Name             | <b>SETX</b>                         |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
