

## Rabbit Otc Polyclonal Antibody | anti-OTC antibody

Otc antibody - C-terminal region

| CATALOG # | HOST   | REACTIVITY                                                                                 | APPLICATIONS |
|-----------|--------|--------------------------------------------------------------------------------------------|--------------|
| AAA198991 | Rabbit | Cow, Dog, Goat, Guinea Pig, Horse, Human, Mouse, Pig, Rabbit, Rat, Sheep, Yeast, Zebrafish | Western Blot |

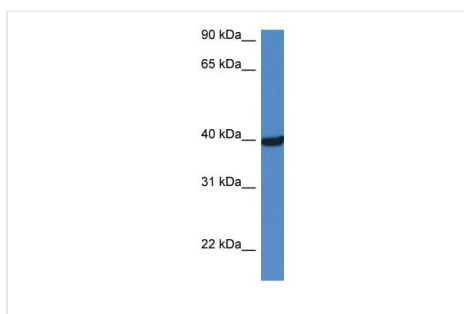

### PRODUCT SYNONYMS

Otc; Polyclonal Antibody; Otc antibody - C-terminal region; anti-OTC antibody

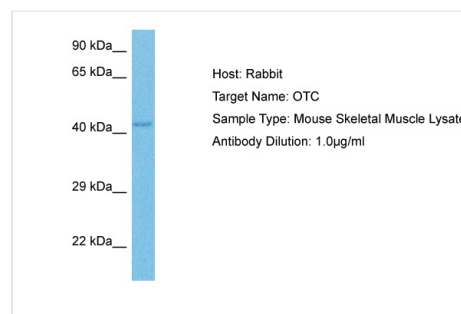

### PRODUCT SPECIFICATIONS

|                                               |                                                                                                                                                                       |

| Reactivity                                    | Cow, Dog, Goat, Guinea Pig, Horse, Human, Mouse, Pig, Rabbit, Rat, Sheep, Yeast, Zebrafish                                                                            |
| Clonality                                     | Polyclonal                                                                                                                                                            |
| Purity/Purification                           | Affinity Purified                                                                                                                                                     |
| Form/Format                                   | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                     |
| Sequence                                      | Synthetic peptide with the following region: YQVTMKTAKVAA SDWTFHLCLP RKPEEVDDEV<br>FYSPRSLVFP EAENRKWT                                                                |
| Sequence Length                               | 354                                                                                                                                                                   |
| Applicable Applications for anti-OTC antibody | WB (Western Blot)                                                                                                                                                     |
| Homology                                      | Cow: 100%; Dog: 100%; Goat: 100%; Guinea Pig: 93%; Horse: 100%; Human: 100%; Mouse: 100%; Pig: 100%; Rabbit: 100%; Rat: 100%; Sheep: 93%; Yeast: 100%; Zebrafish: 93% |
| Preparation and Storage                       | For short term use, store at 2-8 degree C up to 1 week. For long term storage, store at -20 degree C in small aliquots to prevent freeze-thaw cycles.                 |

**WB (Western Blot)**

Host: Rabbit Target Name: OTC Sample Tissue: Mouse Skeletal Muscle Antibody Dilution: 1ug/ml

### ADDITIONAL INFORMATION

**Related Product Information for anti-OTC antibody**

This is a rabbit polyclonal antibody against Otc. It was validated on Western Blot

Target Description: The function of this protein remains unknown.
