

## Human Granulin (GRN) ELISA Kit | GRN elisa kit

Human Granulin (GRN) ELISA Kit

CATALOG #  
**AAA202788**

REACTIVITY  
**Human**

### PRODUCT SYNONYMS

Granulin (GRN); Human Granulin (GRN) ELISA Kit; GRN elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Human                                                             |
| Sequence Length | 593                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 5ng/ml-80ng/ml                                                    |
| Sensitivity     | 0.1 ng/ml                                                         |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for GRN elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of GRN in the sample, This GRNELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus GRN concentration. The concentration of GRN in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|                         |          |
|-------------------------|----------|
| NCBI GI #               | 14714851 |
| NCBI GeneID             | 2896     |
| NCBI Official Full Name | Granulin |

|                                  |                                     |
|----------------------------------|-------------------------------------|
| NCBI Official Synonym Full Names | granulin precursor                  |
| NCBI Official Symbol             | GRN                                 |
| NCBI Official Synonym Symbols    | GEP; GP88; PEPI; PGRN; CLN11; PCDGF |
| NCBI Protein Information         | progranulin                         |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
