

Mouse PPD IgG ELISA Kit

Mouse PPD IgG Antibody ELISA Kit

CATALOG #
AAA207181

REACTIVITY
Mouse

PRODUCT SYNONYMS

PPD IgG; Mouse PPD IgG Antibody ELISA Kit; PPD IgG elisa kit

PRODUCT SPECIFICATIONS

Reactivity

Mouse

ADDITIONAL INFORMATION

Related Product Information for PPD IgG elisa kit

Intended Uses: This PPD-IGG AB ELISA kit is intended Laboratory for Research use only!. The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of PPD-IGG AB in the sample, this PPD-IGG AB ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus PPD-IGG AB concentration. The concentration of PPD-IGG AB in the samples is then determined by comparing the O.D. of the samples to the standard curve.

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
