

## Rat TLP ELISA Kit | TLP elisa kit

Rat TLP ELISA Kit

CATALOG #  
**AAA210309**

REACTIVITY  
**Rat**

### PRODUCT SYNONYMS

TLP; Rat TLP ELISA Kit; TLP elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                   |
|-----------------|-------------------------------------------------------------------|
| Reactivity      | Rat                                                               |
| Sequence Length | 186                                                               |
| Samples         | Serum, plasma, cell culture supernate and other biological fluids |
| Assay Type      | Sandwich                                                          |
| Detection Range | 25 U/mL-400 U/mL                                                  |
| Sensitivity     | 1 U/ml                                                            |

Standard Curve (Sample)

### ADDITIONAL INFORMATION

#### Related Product Information for TLP elisa kit

Intended Use: The Stop Solution changes the color from blue to yellow and the intensity of the color is measured at 450 nm using a spectrophotometer. In order to measure the concentration of TLP in the sample, This TLP ELISA Kit includes a set of calibration standards. The calibration standards are assayed at the same time as the samples and allow the operator to produce a standard curve of Optical Density versus TLP concentration. The concentration of TLP in the samples is then determined by comparing the O.D. of the samples to the standard curve.

### NCBI AND UNIPROT INFORMATION

|                  |              |
|------------------|--------------|
| NCBI GI #        | 358439409    |
| NCBI GeneID      | 9519         |
| NCBI Accession # | NP_001240605 |

|                                  |                                                                            |
