

## Human C-Reactive Protein (CRP) ELISA Kit | CRP elisa kit

Human C-Reactive Protein (CRP) quantitative detection ELISA Kit

CATALOG #  
**AAA210665**

REACTIVITY  
**Human**

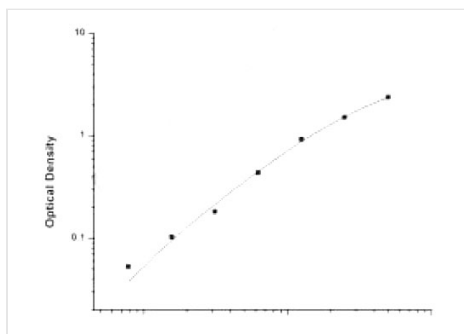

### PRODUCT SYNONYMS

C-Reactive Protein (CRP); Human C-Reactive Protein (CRP) quantitative detection ELISA Kit; CRP elisa kit

### PRODUCT SPECIFICATIONS

|                       |                                                                                                                                  |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Reactivity            | Human                                                                                                                            |
| Specificity           | This kit identifies natural and recombinant Human CRP, with No crossing with structural analogs.                                 |
| Assay Type            | Quantitative Sandwich                                                                                                            |
| Samples               | Serum, plasma, and cell culture supernatant                                                                                      |
| Detection Range       | 2.5 ng/mL - 80 ng/mL                                                                                                             |
| Sensitivity           | < 0.1 ng/ml                                                                                                                      |
| Intra-assay Precision | In the same lot CV%<10?3 groups of known high, medium, and low concentration samples were evaluated 20 times on the same plate.  |
| Inter-assay Precision | Different lot CV%<15: 3 groups of known high, medium, and low concentration samples were evaluated 20 times on different plates. |

ADDITIONAL INFORMATION

|                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|-----------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Related Product Information for CRP elisa kit | <p>Principle of the Assay: This ELISA kit applies the quantitative sandwich enzyme immunoassay technique. The microtiter plate has been pre-coated with Human CRP antibody (solid phase antigen), standards or samples are added to the microtiter plate wells, then add anti- Human CRP HRP labeled antibody. Wells are thoroughly washed to remove all unbound components. And a sandwich complex of solid antigen-antibody enzyme-labeled secondary antibodies is formed on the solid surface of the microplate. Next, Substrate solution A and substrate solution B are added to each well, and it will produce blue materials under HRP catalysis. The enzyme-substrate reaction is terminated by the addition of sulphuric acid and the color change to yellow. Measured spectrophotometrically at a wavelength of 450 nm, the absorbance (OD value) is positively correlated with the concentration of Human CRP in the sample. The concentration of CRP in the samples could be determined by comparing the O.D. of the samples to the standard curve.</p> <p>Intended Uses: This kit is used for detecting the Human CRP concentration of serum, plasma, and cell culture supernatant.</p> |
