

## Rabbit STAT5 Polyclonal Antibody | anti-STAT5 antibody

Rabbit anti-STAT5 (pS726/731) Antibody

| CATALOG # | HOST   | REACTIVITY                            | APPLICATIONS                       |
|-----------|--------|---------------------------------------|------------------------------------|
| AAA223550 | Rabbit | Human, Mouse, Bovine, Dog, Pig, Sheep | Immunohistochemistry, Western Blot |

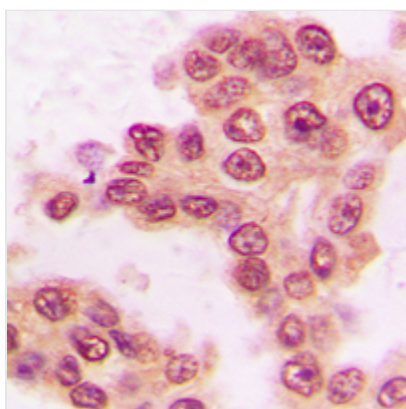

### PRODUCT SYNONYMS

STAT5; Polyclonal Antibody; Rabbit anti-STAT5 (pS726/731) Antibody; STAT5A; Signal transducer and activator of transcription 5A; STAT5B; Signal transducer and activator of transcription 5B; anti-STAT5 antibody

### PRODUCT SPECIFICATIONS

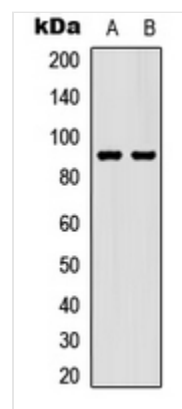

|                                                 |                                                                                                                                      |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                               |
| Reactivity                                      | Human, Mouse, Bovine, Dog, Pig, Sheep                                                                                                |
| Clonality                                       | Polyclonal                                                                                                                           |
| Purity/Purification                             | The antibody was purified by immunogen affinity chromatography.                                                                      |
| Form/Format                                     | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                            |
| Concentration                                   | 1mg/mL (varies by lot)                                                                                                               |
| Applicable Applications for anti-STAT5 antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                                        |
| Immunogen                                       | KLH-conjugated synthetic peptide encompassing a sequence within the C-term region of human STAT5. The exact sequence is proprietary. |
| Preparation and Storage                         | Store at -20 degree C. Avoid repeated freeze/thaw cycles.                                                                            |

### IMAGES

#### IHC (Immunohistochemistry)

Immunohistochemical analysis of STAT5 (pS726/731) staining in human lung cancer formalin fixed paraffin embedded tissue section. The section was pre-treated using heat mediated antigen retrieval with sodium citrate buffer (pH 6.0). The section was then incubated with the antibody at room temperature and detected using an HRP conjugated compact polymer system. DAB was used as the chromogen. The section was then counterstained with haematoxylin and mounted with DPX.

#### WB (Western Blot)

Western blot analysis of STAT5 (pS726/731) expression in HEK293T EGF-treated (A), RAW264.7 EGF-treated (B) whole cell lysates.
