

## Mouse MIF Monoclonal Antibody | anti-MIF antibody

Mouse monoclonal MIF antibody

|                               |                      |                                            |
|-------------------------------|----------------------|--------------------------------------------|
| CATALOG #<br><b>AAA224658</b> | HOST<br><b>Mouse</b> | APPLICATIONS<br><b>Western Blot, ELISA</b> |
|-------------------------------|----------------------|--------------------------------------------|

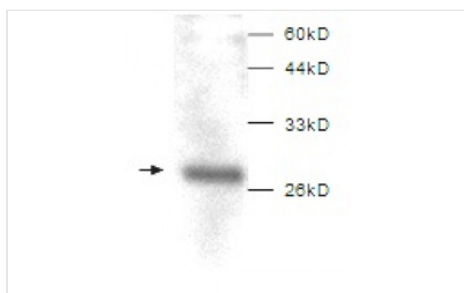

### PRODUCT SYNONYMS

MIF; Monoclonal Antibody; Mouse monoclonal MIF antibody; Monoclonal MIF antibody; Anti-MIF antibody; Glycosylation-inhibiting factor antibody; GLIF antibody; EC 5.3.2.1 antibody; macrophage migration inhibitory factor (glycosylation-inhibiting factor) antibody; MIF antibody; Macrophage migration inhibitory factor antibody; MMIF antibody; GIF antibody; Phenylpyruvate tautomerase antibody; anti-MIF antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                                |
|-----------------------------------------------|--------------------------------------------------------------------------------|
| Host                                          | Mouse                                                                          |
| Clonality                                     | Monoclonal                                                                     |
| Isotype                                       | IgG2a                                                                          |
| Clone Number                                  | M78650                                                                         |
| Form/Format                                   | Supplied in citrate-tris-HCl buffer, pH 7.0 with 0.02% Proclin 300             |
| Concentration                                 | 1 mg/ml (varies by lot)                                                        |
| Sequence Length                               | 115                                                                            |
| Applicable Applications for anti-MIF antibody | WB (Western Blot), ELISA                                                       |
| Immunogen                                     | Recombinant protein corresponding to full length MIF                           |
| Cross-Reactivity                              | Recognizes recombinant protein MIF.                                            |
| Preparation and Storage                       | Store at 4° C for up to 1 month, or -20°C long term. Avoid freeze/thaw cycles. |
