## PRODUCT SYNONYMS

CD34; Polyclonal Antibody; CD34 Antibody; Affinity Purified Rabbit Polyclonal CD34 Antibody; Polyclonal CD34 antibody; Anti-CD34 antibody; CD 34 antibody; CD34 molecule antibody; CD 34; CD-34 antibody; CD-34; anti-CD34 antibody

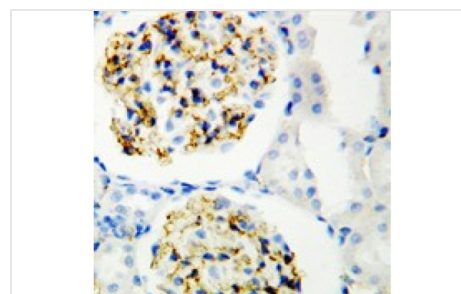

## PRODUCT SPECIFICATIONS

|                                                |                                                                                                                                                                                               |
|------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                           | Rabbit                                                                                                                                                                                        |
| Clonality                                      | Polyclonal                                                                                                                                                                                    |
| Isotype                                        | IgG                                                                                                                                                                                           |
| Purity/Purification                            | Affinity Chromatography                                                                                                                                                                       |
| Form/Format                                    | Lyophilized Form                                                                                                                                                                              |
| Sequence Length                                | 328                                                                                                                                                                                           |
| Applicable Applications for anti-CD34 antibody | IHC (Immunohistochemistry), IHC (Immunohistochemistry), WB (Western Blot)                                                                                                                     |
| Immunogen                                      | CD34 antibody was raised in Rabbit using a synthetic peptide corresponding to a sequence at the C-terminal of human CD34, identical to the related Rabbit and rat sequences, as the immunogen |
| Preparation and Storage                        | Store at 4 degree C for short term storage. For long term storage aliquot and store at -20 degree C. Avoid repeated freeze/thaw cycles.                                                       |

## ADDITIONAL INFORMATION

|                                                    |                                                                                                                                                               |
|----------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Related Product Information for anti-CD34 antibody | CD34 is a monomeric cell surface antigen with a molecular mass of approximately 110 kD that is selectively expressed on human hematopoietic progenitor cells. |
| Product Categories/Family for anti-CD34 antibody   | Cancer                                                                                                                                                        |

NCBI AND UNIPROT INFORMATION
