

## Rabbit Dendrin/DDN Polyclonal Antibody | anti-DDN antibody

Dendrin/DDN Antibody

|                               |                       |                                        |                                                                 |
|-------------------------------|-----------------------|----------------------------------------|-----------------------------------------------------------------|
| CATALOG #<br><b>AAA226408</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Western Blot, Immunoprecipitation, ELISA</b> |
|-------------------------------|-----------------------|----------------------------------------|-----------------------------------------------------------------|

### PRODUCT SYNONYMS

Dendrin/DDN; Polyclonal Antibody; Dendrin/DDN Antibody; anti-DDN antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                         |
|-----------------------------------------------|-------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                  |
| Reactivity                                    | Human, Mouse, Rat                                                       |
| Clonality                                     | Polyclonal                                                              |
| Form/Format                                   | Affinity Purified Immunoglobulins                                       |
| Concentration                                 | 0.75 mg/ml IgG in antibody stabilization buffer (varies by lot)         |
| Applicable Applications for anti-DDN antibody | WB (Western Blot), IP (Immunoprecipitation), ELISA                      |
| Immunogen                                     | Synthetic peptide taken within amino acid region 1-50 on human Dendrin. |
| Conjugation                                   | Unconjugated                                                            |
| Preparation and Storage                       | Store at -20 degree C for long term storage                             |

### ADDITIONAL INFORMATION

|                                                   |                                    |
