

## Mouse Risperidone Monoclonal Antibody

Risperidone Antibody

|                               |                      |                                            |
|-------------------------------|----------------------|--------------------------------------------|
| CATALOG #<br><b>AAA226443</b> | HOST<br><b>Mouse</b> | APPLICATIONS<br><b>Lateral Flow, ELISA</b> |
|-------------------------------|----------------------|--------------------------------------------|

### PRODUCT SYNONYMS

Risperidone; Monoclonal Antibody; Risperidone Antibody; anti-Risperidone antibody

### PRODUCT SPECIFICATIONS

|                                                       |                                                                                                                                                                                                        |
|-------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                                  | Mouse                                                                                                                                                                                                  |
| Clonality                                             | Monoclonal                                                                                                                                                                                             |
| Isotype                                               | IgG1                                                                                                                                                                                                   |
| Specificity                                           | Risperidone                                                                                                                                                                                            |
| Purity/Purification                                   | >90% by SDS-PAGE<br>Purification: Ion Exchange Purified Monoclonal Antibody                                                                                                                            |
| Form/Format                                           | Supplied in 0.015M Potassium Phosphate, pH7.2 with 0.85% Sodium Chloride                                                                                                                               |
| Concentration                                         | 10.0 mg/mL (varies by lot)                                                                                                                                                                             |
| Applicable Applications for anti-Risperidone antibody | LF (Lateral Flow), ELISA                                                                                                                                                                               |
| Cross Reactivity                                      | Amitriptyline, Aripiprazole, Clomipramine, Clonapine, Cyclobenzaprine, Desipramine, Doxepin, Imipramine, Maprotiline, Nordoxepin, Nortriptyline, Olanzapine, Quetiapine, Trimipramine, Ziprasidone <1% |
| Immunogen                                             | Risperidone-BSA                                                                                                                                                                                        |
| Preservative                                          | 0.05% Sodium Azide                                                                                                                                                                                     |
| Preparation and Storage                               | Short Term: 2-8°C. Long Term: -20°C. Avoid repeated freezing and thawing.                                                                                                                              |

### ADDITIONAL INFORMATION

|                                                         |                |
