

## Benzoylecgonine (BE) Monoclonal Antibody | anti-BE antibody

Benzoylecgonine (BE) Antibody

CATALOG #  
AAA226469

### PRODUCT SYNONYMS

Benzoylecgonine (BE); Monoclonal Antibody; Benzoylecgonine (BE) Antibody; Benzoylecgonine (Cocaine); anti-BE antibody

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                            |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------|
| Clonality               | Monoclonal                                                                                                                 |
| Isotype                 | IgG1                                                                                                                       |
| Purity/Purification     | Purified by protein A affinity chromatography                                                                              |
| Form/Format             | Purified immunoglobulin fraction in 0.05 M Potassium Phosphate buffer, 0.85% NaCl, 0.05% NaN <sub>3</sub> , pH 7.2 +/- 0.1 |
| Concentration           | 5.3 mg/ml (varies by lot)                                                                                                  |
| IEF Profile             | Matches Reference                                                                                                          |
| Monomers                | ≥ 95%                                                                                                                      |
| IgG Purity              | ≥ 95%                                                                                                                      |
| Preparation and Storage | Store at 2-8 degree C                                                                                                      |

### ADDITIONAL INFORMATION

|                                                  |                                                                                                                       |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Related Product Information for anti-BE antibody | Protein A purified monoclonal mouse antibody, cultured in vitro under conditions free from animal-derived components. |
| Product Categories/Family for anti-BE antibody   | <a href="#">Antibodies: Mabs</a>                                                                                      |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
