

## Compound 1521-0134 Biochemical

Compound 1521-0134

CATALOG #  
**AAA226925**

### PRODUCT SYNONYMS

Compound 1521-0134; Compound 1521-0134 biochemical

### PRODUCT SPECIFICATIONS

|                         |                                                                          |
|-------------------------|--------------------------------------------------------------------------|
| Purity/Purification     | 98%                                                                      |
| Solubility              | <1mg/ml refers to the product slightly soluble or insoluble              |
| Preparation and Storage | Powder: -20 degree C for 3 years<br>In solvent: -80 degree C for 2 years |

### IMAGES

Structure  
Altemicidin, CAS 125399-82-8

Structure  
Altemicidin, CAS 125399-82-8

### ADDITIONAL INFORMATION

|            |                                                                                                                                                                                                                                                                                       |

### NCBI AND UNIPROT INFORMATION

|                  |       |
|------------------|-------|
| Molecular Weight | 376.4 |
|------------------|-------|

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
