

## GSK2818713 biochemical

GSK2818713

CATALOG #  
**AAA227672**

### PRODUCT SYNONYMS

GSK2818713; CA-008 hydrochloride; GSK2818713 biochemical

### PRODUCT SPECIFICATIONS

|                         |                                                                          |
|-------------------------|--------------------------------------------------------------------------|
| Purity/Purification     | 98%                                                                      |
| CAS                     | 1422484-32-9                                                             |
| Solubility              | <1mg/ml refers to the product slightly soluble or insoluble              |
| Preparation and Storage | Powder: -20 degree C for 3 years<br>In solvent: -80 degree C for 2 years |
