

## GluN2B receptor modulator-1 Biochemical | GluN2B biochemical

GluN2B receptor modulator-1

CATALOG #  
**AAA228213**

### PRODUCT SYNONYMS

GluN2B receptor modulator-1; GluN2B biochemical

### PRODUCT SPECIFICATIONS

|                         |                                                                          |
|-------------------------|--------------------------------------------------------------------------|
| Purity/Purification     | 98%                                                                      |
| CAS                     | 2222010-71-9                                                             |
| Solubility              | <1mg/ml refers to the product slightly soluble or insoluble              |
| Preparation and Storage | Powder: -20 degree C for 3 years<br>In solvent: -80 degree C for 2 years |
