

## TRPV4 antagonist 3 Biochemical

TRPV4 antagonist 3

CATALOG #  
**AAA228581**

### PRODUCT SYNONYMS

TRPV4 antagonist 3; m7GpppA; TRPV4 antagonist 3 biochemical

### PRODUCT SPECIFICATIONS

|                         |                                                                          |
|-------------------------|--------------------------------------------------------------------------|
| Purity/Purification     | 98%                                                                      |
| CAS                     | 2681273-35-6                                                             |
| Solubility              | <1mg/ml refers to the product slightly soluble or insoluble              |
| Preparation and Storage | Powder: -20 degree C for 3 years<br>In solvent: -80 degree C for 2 years |

### IMAGES

**Structure**

N7-Methyl-guanosine-5'-triphosphate-5'-adenosine, CAS 62828-63-1

**Structure**

N7-Methyl-guanosine-5'-triphosphate-5'-adenosine, CAS 62828-63-1

### ADDITIONAL INFORMATION

|                                                                |                                                                                                                     |
