

## Rabbit anti-Human PAGE2B Polyclonal Antibody | anti-PAGE2B antibody

PAGE2B Antibody

|                               |                       |                            |                                                    |
|-------------------------------|-----------------------|----------------------------|----------------------------------------------------|
| CATALOG #<br><b>AAA229275</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human</b> | APPLICATIONS<br><b>Immunohistochemistry, ELISA</b> |
|-------------------------------|-----------------------|----------------------------|----------------------------------------------------|

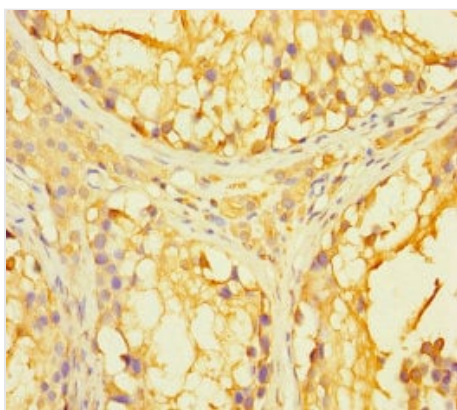

### PRODUCT SYNONYMS

PAGE2B; Polyclonal Antibody; PAGE2B Antibody; Putative G antigen family E member 3; Prostate-associated gene 2B protein; PAGE-2B; GAGEE3; anti-PAGE2B antibody

### PRODUCT SPECIFICATIONS

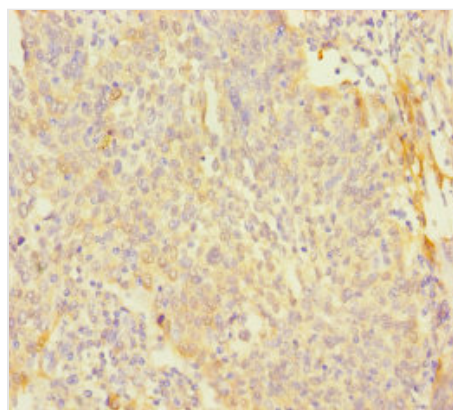

|                                                  |                                                                                          |
|--------------------------------------------------|------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                   |
| Reactivity                                       | Human                                                                                    |
| Clonality                                        | Polyclonal                                                                               |
| Isotype                                          | IgG                                                                                      |
| Purity/Purification                              | >95%,Protein G purified                                                                  |
| Form/Format                                      | Liquid                                                                                   |
| Sequence Length                                  | 111                                                                                      |
| Applicable Applications for anti-PAGE2B antibody | IHC (Immunohistochemistry), ELISA                                                        |
| Immunogen                                        | Recombinant human Putative G antigen family E member 3 protein                           |
| Conjugation                                      | Non-conjugated                                                                           |
| Storage Buffer                                   | Preservative: 0.03% Proclin 300 Constituents: 50% Glycerol, 0.01M PBS, PH 7.4            |
| Preparation and Storage                          | Shipped at 4 degree C. Upon delivery, aliquot and store at -20 degree C or -80 degree C. |
