

## Rabbit anti-Bovine PAG 1 Polyclonal Antibody | anti-PAG 1 antibody

PAG 1 Antibody, Biotin conjugated

|                               |                       |                             |                              |
|-------------------------------|-----------------------|-----------------------------|------------------------------|
| CATALOG #<br><b>AAA233898</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Bovine</b> | APPLICATIONS<br><b>ELISA</b> |
|-------------------------------|-----------------------|-----------------------------|------------------------------|

### PRODUCT SYNONYMS

PAG 1; Polyclonal Antibody; PAG 1 Antibody; Biotin conjugated; Pregnancy-associated glycoprotein 1; anti-PAG 1 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                  |
|-------------------------------------------------|----------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                           |
| Reactivity                                      | Bovine                                                                           |
| Clonality                                       | Polyclonal                                                                       |
| Isotype                                         | IgG                                                                              |
| Purity/Purification                             | >95%, Protein G purified                                                         |
| Form/Format                                     | Liquid                                                                           |
| Sequence Length                                 | 380                                                                              |
| Applicable Applications for anti-PAG 1 antibody | ELISA                                                                            |
| Immunogen                                       | Recombinant Bovine Pregnancy-associated glycoprotein 1 protein (54-380AA)        |
| Conjugation                                     | Biotin                                                                           |
| Storage Buffer                                  | Preservative: 0.03% Proclin 300<br>Constituents: 50% Glycerol, 0.01M PBS, pH 7.4 |
| Species                                         | Bos taurus (Bovine)                                                              |
| Preparation and Storage                         | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.      |

### ADDITIONAL INFORMATION

|                                                     |                                         |
|-----------------------------------------------------|-----------------------------------------|
| Related Product Information for anti-PAG 1 antibody | Appears to be proteolytically inactive. |
