

## Rabbit anti-Human, Rat CRP Polyclonal Antibody | anti-CRP antibody

CRP Antibody

|                               |                       |                                 |                                            |
|-------------------------------|-----------------------|---------------------------------|--------------------------------------------|
| CATALOG #<br><b>AAA235672</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Rat</b> | APPLICATIONS<br><b>ELISA, Western Blot</b> |
|-------------------------------|-----------------------|---------------------------------|--------------------------------------------|

### PRODUCT SYNONYMS

CRP; Polyclonal Antibody; CRP Antibody; PTX1; C-reactive protein; anti-CRP antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                                                      |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                               |
| Reactivity                                    | Human, Rat                                                                                           |
| Clonality                                     | Polyclonal                                                                                           |
| Isotype                                       | IgG                                                                                                  |
| Purity/Purification                           | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Form/Format                                   | Liquid                                                                                               |
| Applicable Applications for anti-CRP antibody | ELISA, WB (Western Blot)                                                                             |
| Immunogen                                     | Synthesized peptide derived from the Internal region of human CRP.                                   |
| Immunogen Species                             | Human                                                                                                |
| Storage Buffer                                | In Phosphate Buffered Saline, 50% Glycerol, 0.5% BSA and 0.02% Sodium Azide.                         |
| Preparation and Storage                       | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.                          |
