

## Rabbit anti-Human BID Polyclonal Antibody | anti-BID antibody

BID Antibody

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS                              |
|-----------|--------|------------|-------------------------------------------|
| AAA237231 | Rabbit | Human      | Immunohistochemistry, Western Blot, ELISA |

### PRODUCT SYNONYMS

BID; Polyclonal Antibody; BID Antibody; BH3-interacting domain death agonist; anti-BID antibody

### PRODUCT SPECIFICATIONS

|                                               |                                                                                         |
|-----------------------------------------------|-----------------------------------------------------------------------------------------|
| Host                                          | Rabbit                                                                                  |
| Reactivity                                    | Human                                                                                   |
| Clonality                                     | Polyclonal                                                                              |
| Isotype                                       | IgG                                                                                     |
| Purity/Purification                           | Antigen Affinity Purification                                                           |
| Form/Format                                   | Liquid; In Phosphate Buffered Saline, pH 7.4, 0.05% NaN <sub>3</sub> , and 40% Glycerol |
| Applicable Applications for anti-BID antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                    |
| Immunogen                                     | Fusion protein of human BID                                                             |
| Immunogen Species                             | Human                                                                                   |
| Conjugate                                     | Non-conjugated                                                                          |
| Preparation and Storage                       | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.             |

### IMAGES

#### SDS-PAGE

Gel: 12%SDS-PAGE, Lysate: 30 ug, Lane 1-4: Human fetal brain tissue, Human liver tissue, HT29 cells, HepG2 cells, Primary antibody: AAA237231(BID Antibody) at dilution 1/260, Secondary antibody: Goat anti rabbit IgG at 1/8000 dilution, Exposure time: 10 seconds

#### IHC (Immunohistochemistry)

The image on the left is immunohistochemistry of paraffin-embedded Human renal cancer tissue using AAA237231(BID Antibody) at dilution 1/25, on the right is treated with fusion protein. (Original magnification: ×200)
