

## Rabbit CCNG1 Polyclonal Antibody | anti-CCNG1 antibody

CCNG1 Antibody

| CATALOG # | HOST   | REACTIVITY        | APPLICATIONS                              |
|-----------|--------|-------------------|-------------------------------------------|
| AAA242295 | Rabbit | Human, Mouse, Rat | Immunohistochemistry, Western Blot, ELISA |

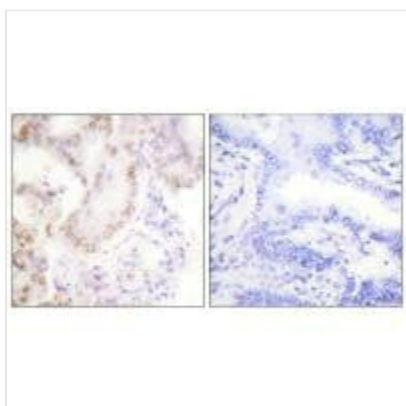

### PRODUCT SYNONYMS

CCNG1; Polyclonal Antibody; CCNG1 Antibody; Ribosomal protein S6 kinase I; S6K; S6K1; 70 kDa ribosomal protein S6 kinase 1; p70 S6 kinase alpha; anti-CCNG1 antibody

### PRODUCT SPECIFICATIONS

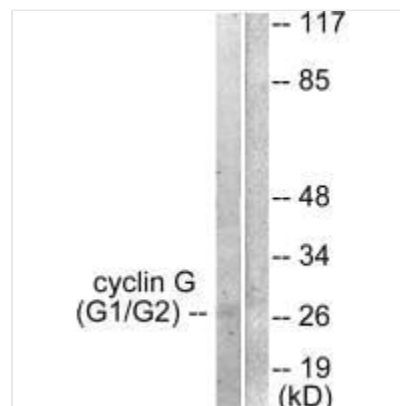

|                                                 |                                                                                                                                                            |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                                                                                     |
| Reactivity                                      | Human, Mouse, Rat                                                                                                                                          |
| Clonality                                       | Polyclonal                                                                                                                                                 |
| Isotype                                         | IgG                                                                                                                                                        |
| Purity/Purification                             | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                                                       |
| Form/Format                                     | Liquid; Rabbit IgG In Phosphate Buffered Saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% Sodium Azide and 50% Glycerol. |
| Applicable Applications for anti-CCNG1 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                       |
| Immunogen                                       | Synthesized peptide derived from human Cyclin G.                                                                                                           |
| Immunogen Species                               | Human                                                                                                                                                      |
| Conjugate                                       | Non-conjugated                                                                                                                                             |
| Preparation and Storage                         | Upon receipt, store at -20 degree C or -80 degree C. Avoid repeated freeze.                                                                                |

### IMAGES

**IHC (Immunohistochemistry)**

Immunohistochemical analysis of paraffin-embedded human lung carcinoma tissue using Cyclin G antibody.

**WB (Western Blot)**

Western blot analysis of extracts from Jurkat cells, using Cyclin G antibody.
