

## Rabbit POLR2E Polyclonal Antibody | anti-POLR2E antibody

Anti-POLR2E Antibody

| CATALOG # | HOST   | REACTIVITY                        | APPLICATIONS                       |
|-----------|--------|-----------------------------------|------------------------------------|
| AAA259608 | Rabbit | Human, Mouse, Rat, Bovine, Monkey | Immunohistochemistry, Western Blot |

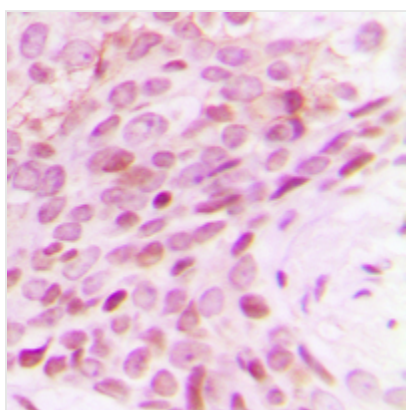

### PRODUCT SYNONYMS

POLR2E; Polyclonal Antibody; Anti-POLR2E Antibody; DNA-directed RNA polymerases I; II; and III subunit RPABC1; RNA polymerases I; and III subunit ABC1; DNA-directed RNA polymerase II 23 kDa polypeptide; DNA-directed RNA polymerase II subunit E; RPB5 homolog; XAP4; anti-POLR2E antibody

### PRODUCT SPECIFICATIONS

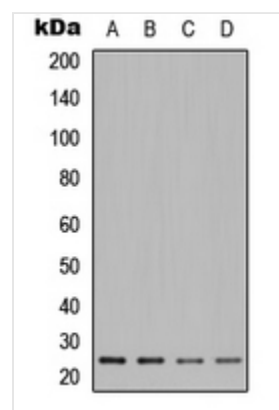

|                                                  |                                                                                                                                       |
|--------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                                                                |
| Reactivity                                       | Human, Mouse, Rat, Bovine, Monkey                                                                                                     |
| Clonality                                        | Polyclonal                                                                                                                            |
| Specificity                                      | Recognizes endogenous levels of POLR2E protein.                                                                                       |
| Purity/Purification                              | The antibody was purified by immunogen affinity chromatography.                                                                       |
| Form/Format                                      | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                             |
| Sequence Length                                  | 210                                                                                                                                   |
| Applicable Applications for anti-POLR2E antibody | IHC (Immunohistochemistry), WB (Western Blot)                                                                                         |
| Immunogen                                        | KLH-conjugated synthetic peptide encompassing a sequence within the center region of human POLR2E. The exact sequence is proprietary. |
| Preparation and Storage                          | Shipped at 4 degree C. Upon delivery aliquot and store at -20 degree C for one year. Avoid freeze/thaw cycles.                        |

### IMAGES

#### IHC (Immunohistochemistry)

Immunohistochemical analysis of POLR2E staining in human breast cancer formalin fixed paraffin embedded tissue section. The section was pre-treated using heat mediated antigen retrieval with sodium citrate buffer (pH 6.0). The section was then incubated with the antibody at room temperature and detected using an HRP conjugated compact polymer system. DAB was used as the chromogen. The section was then counterstained with haematoxylin and mounted with DPX.

#### WB (Western Blot)

Western blot analysis of POLR2E expression in A549 (A), Jurkat (B), HeLa (C), PC12 (D) whole cell lysates.
