

## Rabbit anti-Human, Mouse IFNAR2 Polyclonal Antibody | anti-IFNAR2 antibody

Anti-IFNAR2 Antibody

|                               |                       |                                   |                                     |
|-------------------------------|-----------------------|-----------------------------------|-------------------------------------|
| CATALOG #<br><b>AAA263480</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse</b> | APPLICATIONS<br><b>Western Blot</b> |
|-------------------------------|-----------------------|-----------------------------------|-------------------------------------|

### PRODUCT SYNONYMS

IFNAR2; Polyclonal Antibody; Anti-IFNAR2 Antibody; IFNABR; IFNARB; Interferon alpha/beta receptor 2; IFN-R-2; IFN-alpha binding protein; IFN-alpha/beta receptor 2; Interferon alpha binding protein; Type I interferon receptor 2; anti-IFNAR2 antibody

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                                           |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                                    |
| Reactivity                                       | Human, Mouse                                                                                              |
| Clonality                                        | Polyclonal                                                                                                |
| Specificity                                      | Recognizes endogenous levels of IFNAR2 protein.                                                           |
| Purity/Purification                              | Purified by immunogen affinity chromatography                                                             |
| Form/Format                                      | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide. |
| Sequence Length                                  | 331                                                                                                       |
| Applicable Applications for anti-IFNAR2 antibody | WB (Western Blot)                                                                                         |
| Immunogen                                        | Recombinant full length protein of human IFNAR2                                                           |
| Preparation and Storage                          | Shipped at 4°C. Upon delivery aliquot and store at -20°C for one year. Avoid freeze/thaw cycles.          |

### IMAGES

#### WB (Western Blot)

Western blot analysis of IFNAR2 expression in HepG2 (A), A549 (B), HeLa (C), mouse liver (D) whole cell lysates.
