

## General Glutelin Assay Kit

Glutelin Microplate Assay Kit

|                               |                              |                                         |
|-------------------------------|------------------------------|-----------------------------------------|
| CATALOG #<br><b>AAA264738</b> | REACTIVITY<br><b>General</b> | APPLICATIONS<br><b>Functional Assay</b> |
|-------------------------------|------------------------------|-----------------------------------------|

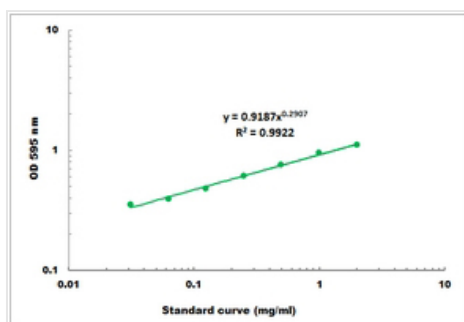

### PRODUCT SYNONYMS

Glutelin; Glutelin Microplate Assay Kit; Glutelin assay kit

### PRODUCT SPECIFICATIONS

|                                                |                                   |
|------------------------------------------------|-----------------------------------|
| Reactivity                                     | General                           |
| Sequence Length                                | 499                               |
| Assay Type                                     | Colorimetric                      |
| Samples                                        | Tissue Extracts, Powder           |
| Applicable Applications for Glutelin assay kit | FA (Functional Assay)             |
| Preparation and Storage                        | Store at 4 degree C for 6 months. |
