

## General Caspase-6 Assay Kit

Caspase-6 Microplate Assay Kit

|                               |                              |                                         |
|-------------------------------|------------------------------|-----------------------------------------|
| CATALOG #<br><b>AAA264783</b> | REACTIVITY<br><b>General</b> | APPLICATIONS<br><b>Functional Assay</b> |
|-------------------------------|------------------------------|-----------------------------------------|

### PRODUCT SYNONYMS

Caspase-6; Caspase-6 Microplate Assay Kit; Caspase-6 assay kit

### PRODUCT SPECIFICATIONS

|                                                 |                                                       |
|-------------------------------------------------|-------------------------------------------------------|
| Reactivity                                      | General                                               |
| Sample Types                                    | Tissue extracts, Cell lysate, Other biological fluids |
| Detection Method                                | Colorimetric                                          |
| Detection Range                                 | 0.01umol/ml - 5umol/ml                                |
| Applicable Applications for Caspase-6 assay kit | FA (Functional Assay)                                 |
| Preparation and Storage                         | Shipped and store at 4 degree C for 6 months.         |
