

Rabbit anti-Mouse PRLH Polyclonal Antibody | anti-PRLH antibody

Anti-PRLH Antibody

CATALOG # AAA265500	HOST Rabbit	REACTIVITY Mouse	APPLICATIONS Immunohistochemistry, Western Blot
-------------------------------	-----------------------	----------------------------	---

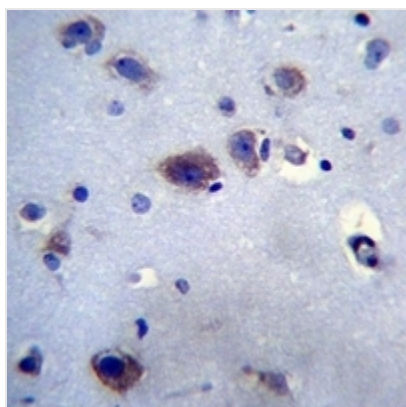

PRODUCT SYNONYMS

PRLH; Polyclonal Antibody; Anti-PRLH Antibody; anti-PRLH antibody

PRODUCT SPECIFICATIONS

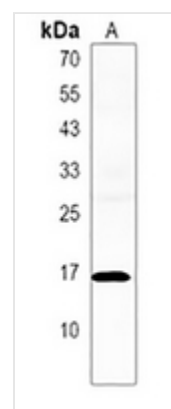

Host	Rabbit
Reactivity	Mouse
Clonality	Polyclonal
Specificity	Recognizes endogenous levels of PRLH protein.
Purity/Purification	The antibody was purified by immunogen affinity chromatography.
Form/Format	Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH7.3, 30% glycerol, and 0.01% sodium azide.
Applicable Applications for anti-PRLH antibody	IHC (Immunohistochemistry), WB (Western Blot)
Immunogen	KLH-conjugated synthetic peptide encompassing a sequence within the Central region of human PRLH. The exact sequence is proprietary.
Preparation and Storage	Shipped at 4 degree C. Upon delivery aliquot and store at -20 degree C for one year. Avoid freeze/thaw cycles.

IMAGES

IHC (Immunohistochemistry)

Immunohistochemical analysis of PRLH staining in human brain formalin fixed paraffin embedded tissue section. The section was pre-treated using heat mediated antigen retrieval with sodium citrate buffer (pH 6.0). The section was then incubated with the antibody at room temperature and detected using an HRP conjugated compact polymer system. DAB was used as the chromogen. The section was then counterstained with haematoxylin and mounted with DPX.

WB (Western Blot)

Western blot analysis of PRLH expression in Neuro2a (A) whole cell lysates. (Predicted band size: 9 kD; Observed band size: 16 kD)

ADDITIONAL INFORMATION

Related Product Information for anti-PRLH antibody	Rabbit polyclonal antibody to PRLH
Product Categories/Family for anti-PRLH antibody	Primary Antibodies

NCBI AND UNIPROT INFORMATION

NCBI GeneID	Mouse: 623503
UniProt Accession #	G3UWC3

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
