

## UBE2E1 Antibody | anti-UBE2E1 antibody

UBE2E1 Antibody

|                               |                                                                                                                  |                                            |
|-------------------------------|------------------------------------------------------------------------------------------------------------------|--------------------------------------------|
| CATALOG #<br><b>AAA267083</b> | REACTIVITY<br><b>Reacts with: Human</b><br><b>Predicted: mus, rat</b><br><b>Not yet tested in other species.</b> | APPLICATIONS<br><b>Western Blot, ELISA</b> |
|-------------------------------|------------------------------------------------------------------------------------------------------------------|--------------------------------------------|

### PRODUCT SYNONYMS

UBE2E1; UBE2E1 Antibody; anti-UBE2E1 antibody

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                                                                                                                      |
|--------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity                                       | Reacts with: Human<br>Predicted: mus, rat<br>Not yet tested in other species.                                                                                                        |
| Form/Format                                      | anti-UBE2E1 antibody purified by protein A column containing 0.02% NaN <sub>3</sub>                                                                                                  |
| Sequence Length                                  | 193                                                                                                                                                                                  |
| Applicable Applications for anti-UBE2E1 antibody | WB (Western Blot), Activity Assay, ELISA                                                                                                                                             |
| Source                                           | Rabbit polyclonal UBE2E1(1) antibody was raised against a peptide from near the N terminal residues of human UBE2E1 protein.                                                         |
| Preparation and Storage                          | Already reconstituted in 200 ul sterile H <sub>2</sub> O. The antibody is stable for at least one year when stored at -20°C after reconstitution. Avoid repeated freeze/thaw cycles. |

| NCBI GI #                 | 4507779                        |
| NCBI GeneID               | 7324                           |
| NCBI Accession #          | NP_003332.1                    |
| NCBI GenBank Nucleotide # | NM_003341.4                    |
| UniProt Accession #       | P51965; B2RBX4; C9J8K2; K4DI90 |
| Molecular Weight          | 19,499 Da                      |

|                                  |                                              |
|----------------------------------|----------------------------------------------|
| NCBI Official Full Name          | ubiquitin-conjugating enzyme E2 E1 isoform 1 |
| NCBI Official Synonym Full Names | ubiquitin conjugating enzyme E2 E1           |
| NCBI Official Symbol             | UBE2E1                                       |
| NCBI Official Synonym Symbols    | UBCH6                                        |
| NCBI Protein Information         | ubiquitin-conjugating enzyme E2 E1           |
| UniProt Protein Name             | Ubiquitin-conjugating enzyme E2 E1           |
| UniProt Gene Name                | <b>UBE2E1</b>                                |
| UniProt Synonym Gene Names       | UBCH6                                        |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
