

## IgG recombinant protein

Mouse IgG (>90%)

CATALOG #  
**AAA267268**

HOST  
**Mouse**

### PRODUCT SYNONYMS

IgG; Mouse IgG (>90%); IgG recombinant protein

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                     |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                               |
| Form/Format             | Purified                                                                                                                                                                            |
| Sequence Length         | 476                                                                                                                                                                                 |
| Research Area           | Stem Cells Cancer Cardiovascular Cell Biology Epigenetics & Nuclear Signaling Developmental Biologys Immunology Drug Discovery Products Metabolism Neuroscience Signal Transduction |
| Preparation and Storage | Store at -20°C.                                                                                                                                                                     |

### NCBI AND UNIPROT INFORMATION

|                         |        |
|-------------------------|--------|
| NCBI GI #               | 185362 |
| NCBI Official Full Name | IgG    |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
