### PRODUCT SYNONYMS

SFTA1; Polyclonal Antibody; SFTA1 Polyclonal Antibody; Pulmonary surfactant-associated protein A1; PSP-A; PSPA; SP-A; SP-A1; 35 kDa pulmonary surfactant-associated protein; Alveolar proteinosis protein; Collectin-4; SFTPA1; COLEC4; PSAP; SFTP1; SFTPA; SFTPA1B; anti-SFTA1 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                                                      |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------|
| Host                                            | Rabbit                                                                                               |
| Reactivity                                      | Human                                                                                                |
| Clonality                                       | Polyclonal                                                                                           |
| Purity/Purification                             | Affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Form/Format                                     | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.                                       |
| Sequence Length                                 | 263                                                                                                  |
| Applicable Applications for anti-SFTA1 antibody | ELISA, WB (Western Blot)                                                                             |
| Preparation and Storage                         | Store at -20 degree C for 1 year.                                                                    |
