

## Mouse TNC (Tenascin C) ELISA Kit | TNC elisa kit

Mouse TNC (Tenascin C) ELISA Kit

CATALOG #  
AAA278840

REACTIVITY  
Mouse

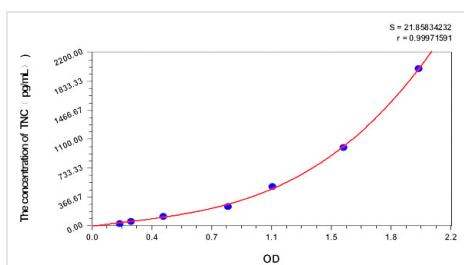

### PRODUCT SYNONYMS

TNC (Tenascin C); Mouse TNC (Tenascin C) ELISA Kit; GMEM; GP; HXB; JI; TN; TN-C; TNC elisa kit

### PRODUCT SPECIFICATIONS

|                 |                                                                                                      |
|-----------------|------------------------------------------------------------------------------------------------------|
| Reactivity      | Mouse                                                                                                |
| Assay Type      | Sandwich                                                                                             |
| Samples         | serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids |
| Detection Range | 0.32-20ng/mL                                                                                         |
| Sensitivity     | 0.097ng/mL                                                                                           |

### ADDITIONAL INFORMATION

#### Related Product Information for TNC elisa kit

**Test Principle:** The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Mouse TNC. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse TNC. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Mouse TNC, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm +/- 10nm. The concentration of Mouse TNC in the samples is then determined by comparing the OD of the samples to the standard curve.

#### Product Categories/Family for TNC elisa kit

Neuroscience; Stem Cells

### NCBI AND UNIPROT INFORMATION
