IMAGES

IHC (Immunohiostchemistry)
PARVA Antibody (C-term) IHC analysis in formalin fixed and paraffin embedded human skeletal muscle tissue followed by peroxidase conjugation of the secondary antibody and DAB staining. This data demonstrates the use of the PARVA Antibody (C-term) for immunohistochemistry. Clinical relevance has not been evaluated.

WB (Western Blot)
Western blot analysis of PARVA Antibody (C-term) in mouse bladder tissue lysates (35ug/lane). PARVA (arrow) was detected using the purified Pab.
