

## Rabbit anti-Human, Mouse GATA-2/3 Polyclonal Antibody | anti-GATA-2/3 antibody

GATA-2/3 Polyclonal Antibody

|                              |                       |                                   |                                                                               |
|------------------------------|-----------------------|-----------------------------------|-------------------------------------------------------------------------------|
| CATALOG #<br><b>AAA29028</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse</b> | APPLICATIONS<br><b>Western Blot, Immunohistochemistry, Immunofluorescence</b> |
|------------------------------|-----------------------|-----------------------------------|-------------------------------------------------------------------------------|

### PRODUCT SYNONYMS

GATA-2/3; Polyclonal Antibody; GATA-2/3 Polyclonal Antibody; GATA3; Trans-acting T-cell-specific transcription factor GATA-3; GATA-binding factor 3; GATA2; Endothelial transcription factor GATA-2; GATA-binding protein 2; anti-GATA-2/3 antibody

### PRODUCT SPECIFICATIONS

|                                                    |                                                                                                                                                       |
|----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                               | Rabbit                                                                                                                                                |
| Reactivity                                         | Human, Mouse                                                                                                                                          |
| Clonality                                          | Polyclonal                                                                                                                                            |
| Applicable Applications for anti-GATA-2/3 antibody | WB (Western Blot), IHC (Immunohistochemistry), IF (Immunofluorescence)                                                                                |
| Preparation and Storage                            | Maintain refrigerated at 2-8 degree C for up to 2 weeks. For long term storage store at -20 degree C in small aliquots to prevent freeze-thaw cycles. |

### IMAGES

**IHC (Immunohistochemistry)**

Dilution: Immunohistochemistry: 1/100 - 1/300. Immunofluorescence: 1/200 - 1/1000. ELISA: 1/5000. Not yet tested in other applications.

**IHC (Immunohistochemistry)**

Dilution: Immunohistochemistry: 1/100 - 1/300. Immunofluorescence: 1/200 - 1/1000. ELISA: 1/5000. Not yet tested in other applications.

**IHC (Immunohistochemistry)**

Dilution: Immunohistochemistry: 1/100 - 1/300. Immunofluorescence: 1/200 - 1/1000. ELISA: 1/5000. Not yet tested in other applications.

**IHC (Immunohistochemistry-Paraffin)**

Dilution: Immunohistochemistry: 1/100 - 1/300. Immunofluorescence: 1/200 - 1/1000. ELISA: 1/5000. Not yet tested in other applications.

**IHC (Immunohistochemistry-Paraffin)**

Dilution: Immunohistochemistry: 1/100 - 1/300. Immunofluorescence: 1/200 - 1/1000. ELISA: 1/5000. Not yet tested in other applications.

**IHC (Immunohistochemistry-Paraffin)**

Dilution: Immunohistochemistry: 1/100 - 1/300. Immunofluorescence: 1/200 - 1/1000. ELISA: 1/5000. Not yet tested in other applications.
