

# Rabbit anti-Human, Mouse p164-RhoGEF Polyclonal Antibody | anti-p164-RhoGEF antibody

p164-RhoGEF Polyclonal Antibody

| CATALOG # | HOST   | REACTIVITY   | APPLICATIONS                             |
|-----------|--------|--------------|------------------------------------------|
| AAA295525 | Rabbit | Human, Mouse | Immunofluorescence, Immunohistochemistry |

## PRODUCT SYNONYMS

p164-RhoGEF; Polyclonal Antibody; p164-RhoGEF Polyclonal Antibody; ARHGEF17; KIAA0337; TEM4; Rho guanine nucleotide exchange factor 17; 164 kDa Rho-specific guanine-nucleotide exchange factor; p164RhoGEF; Tumor endothelial marker 4; anti-p164-RhoGEF antibody

## PRODUCT SPECIFICATIONS

|                                                       |                                                                                                                                                       |
|-------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                                                  | Rabbit                                                                                                                                                |
| Reactivity                                            | Human, Mouse                                                                                                                                          |
| Clonality                                             | Polyclonal                                                                                                                                            |
| Applicable Applications for anti-p164-RhoGEF antibody | IF (Immunofluorescence), IHC (Immunohistochemistry)                                                                                                   |
| Preparation and Storage                               | Maintain refrigerated at 2-8 degree C for up to 2 weeks. For long term storage store at -20 degree C in small aliquots to prevent freeze-thaw cycles. |
